1 1/4"	

Due to the hazardous nature of Cadmium fumes, Eagle recommends the use of Cadmium-free silver for all your brazing applications. We have selected and tested the following grade of low temperature Cadmium-free silver because of its high tensile strength and superior wetting properties.

Intermediate sizes are available upon request. Minimum order quantity 25 oz.

Eagle Flux

Available in jars of:

1 lb.

5 lbs.

10 lbs.

25 lbs.

50 lbs.

Eagle Flux is a specially formulated black flux. Unlike other multi-purpose fluxes, it has been developed specifically for the carbide industry. Eagle Flux offers exceptional oxidization protection, low smoke emissions and the ability to withstand high temperature without drying.
